THE UNDER MONITOR SOUNDBAR

BlueAnt<sup>®</sup>

## WHO WE ARE

# WE ARE INNOVATORS AND VISIONARIES IN SOUND TECHNOLOGY, PASSIONATE ABOUT ELEVATING THE AUDIO EXPERIENCE

Our team, comprised of expert audio engineers and product developers, is dedicated to crafting products that not only sound exceptional, but also integrate seamlessly into the modern lifestyle. We stand for quality, innovation, and a deep commitment to enriching lives through superior sound solutions

## BRAND VALUES

### BRAND PROMISE

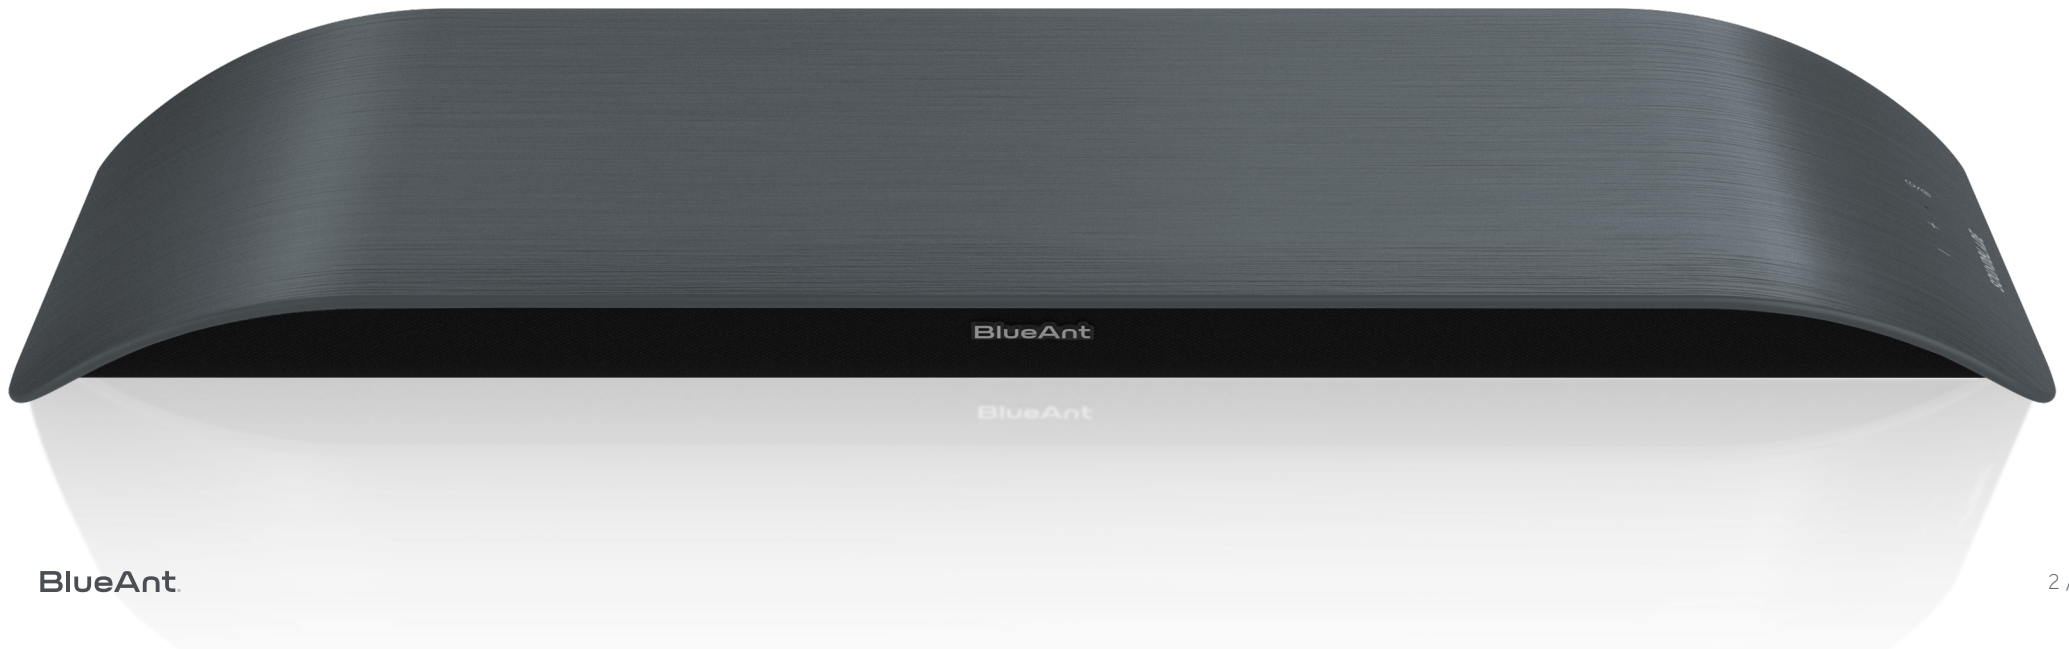

BlueAnt is dedicated to providing an unparalleled audio experience. Our Soundblade represents the epitome of audio clarity and innovative design, offering customers a premium sound experience that elevates their everyday life

### OUR VISION

Our vision at BlueAnt is to lead the evolution of sound in the digital era. By embracing advanced technologies, our aim is to set new standards in audio quality and innovation, making products like the Soundblade synonymous with immersive, high-quality sound

### CONSUMER BENEFIT

The Soundblade transforms audio consumption into a deeply enriching experience. It offers users the clarity and depth in sound they need for entertainment, work, or personal enjoyment, enhancing every interaction with superior audio quality

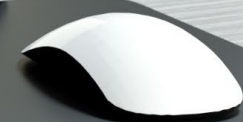

# SOUNDBLADE

---

## A NEW ERA IN DESKTOP AUDIO

Developed in Australia by renowned audio engineers, the Soundblade is set to redefine the desktop audio and visual experience for a wide array of digital media

## A DESKTOP AUDIO POWERHOUSE

Imagine every beat, dialogue, and sound effect in crystal-clear clarity and deep, thundering bass. The Soundblade achieves this with a powerful 120W peak power output, all within a form factor that sits elegantly under your monitor

### INNOVATIVE ACOUSTIC ENGINEERING

The Soundblade features a distinctive acoustic design with an 80mm neodymium subwoofer and dual full-range drivers, delivering powerful audio with low distortion. It precisely conveys every sound nuance, immersing you in every soundtrack.

### CRYSTAL- CLEAR CLARITY AND DEEP THUNDERING BASS

The Soundblade aims to reconcile the gap between 4K visuals and audio in desktops, enhancing users' experience by aligning monitor speakers with the visual content they engage with.

COMPATIBLE WITH  
PC | PS4™ | PS5™ | Mac® | AUX

USB-C

## AWARD-WINNING DESIGN MEETS FUNCTIONALITY

The Soundblade represents a blend of art and technology, offering a sophisticated look that elevates your workspace while delivering an auditory experience that transcends mere listening, engaging both the senses of sight and sound in perfect harmony.

### CONNECTIVITY FOR EVERY NEED

The Soundblade offers versatile connectivity, including USB-C, Bluetooth® 5.3 and a 3.5mm AUX input, ensuring easy integration with various devices like laptops, MacBooks, smartphones, and tablets, making it a flexible addition to any tech setup

### EMBRACING THE AI-DRIVEN FUTURE

In the AI-driven era of complex content creation, the Soundblade excels by enhancing the richness and depth of AI-generated media with sound quality that matches the sophistication of modern content
