

Wireless Desktop 850

Designed by Microsoft™

Productivity at your fingertips.

Full-size but made to move

Made to move, with freedom and convenience at the forefront of design. The Wireless Desktop 850, Designed by Microsoft™, offers a wireless connection for both your mouse and keyboard. Plus, if you're on the go and only need the mouse, it easily connects to multiple devices, with the transceiver conveniently snapping into the base when it's time to pack up and go.

Features:

- Designed by Microsoft™
- Reliable wireless connection with 2.4 GHz wireless USB technology
- Advanced Encryption Standard (AES) 128-Bit Encryption
- Windows shortcut keys to quickly access frequently used functions
- Battery life indicator – glows red when the battery is running low
- Windows start menu key
- Longer battery life – up to 15 months

Mouse:

- Designed for comfort in either hand
- Microsoft Optical Technology, a precise optical tracking technology that provides highly responsive cursor control
- Scroll wheel moves through documents and web pages quickly
- Power switch to turn off your mouse to extend battery life
- Snap-in USB transceiver storage for transport
