

Bluetooth Keyboard

Designed by Microsoft™

Comfort. Creativity. Durability.
Full-Sized. Optimized. No strings - or wires - attached.

Sleek, full-sized, and optimized for key travel and typing. The Bluetooth Keyboard, Designed by Microsoft™, seamlessly pairs with your Bluetooth-enabled device and offers up to two years of battery life. Its low-profile design is modern and considered, making it a refined solution to any desktop setup.

Features:

- Designed by Microsoft™
- Enjoy the freedom of wireless design with time-saving shortcut keys
- Quickly connect to your Windows laptop with Bluetooth®
- Pair with your Windows 11/10 PC right out of the box with Swift Pair
- Save time with built-in shortcuts like dedicated Office 365, search, and expressive keys as well as easy access to media controls, apps, screen snipping, calculator, volume, and more
- Up to a three-year battery life
